

MSc FOOTBALL COACHING & ANALYSIS

*START DATE: SEPTEMBER • DISTANCE WITH ATTENDANCE
DEGREE AVAILABLE ONE YEAR FULL-TIME OR TWO YEARS PART-TIME*

PROGRAM OVERVIEW

This **Master of Science Football Coaching and Analysis** program takes an in-depth look at the numbers that make the game tick, alongside theoretical and practical coaching disciplines. It enables students to develop a systematic and in-depth understanding of knowledge, and a critical awareness of current problems and new insights for the advanced study of soccer coaching and analysis.

MODULES

- Global Sports Leadership
- Applied Football Match Analysis
- Applying Football Principles – Tactics and Strategies
- Analysis of Football Coaching Practice
- Applied Research Project
- Football Statistics and Data Analysis (Option)
- Applied Reflective Practice (Option)

DELIVERY

This program is available to study in a distance with attendance format with the majority of content online and one intensive one-week period of face-to-face teaching in Melbourne.

By having the opportunity to learn from the comfort of their own home, program participants will be able to gain a further qualification to enhance their career prospects in a format that offers flexible hours and the chance to dictate their own work-life balance to fit around other commitments.

All sessions are recorded and therefore accessible for students across the globe.

Regular guest speaker sessions, networking opportunities and a Global Summit will take place in-person at Melbourne Cricket Ground as well as online throughout the year, immersing you in the Australian and global sports industry.

PROGRAM LEADER

Connor McGillick

Connor holds a BSc degree in Sport and Exercise Science and an MSc in the Performance Analysis of Sport. Connor has surrounded his studies with applied analysis work at Stoke City FC and Bury FC, in addition to British Swimming, GB Boxing and England Squash.

TESTIMONIALS

My aspirations are to continue to progress and develop as a player on the pitch but also to continue to prioritise my academic learning off the pitch.

Elisha Sulola

Professional Footballer for Charlton Athletic Women

There are a variety of skills that I picked up during my program which I use in my role, one of which is filming and coding matches. These skills are crucial for performance analysts.

Ross Mitchell

Academy Performance Analysis Department at Middlesbrough FC
