PROGRAM OVERVIEW

This program provides students with the opportunity to develop systematic knowledge and understanding of the theory and practice of coaching to enhance both individual and team performance. It also equips students with a range of research skills necessary to design and conduct applied research in a sports context.

MODULES

- Global Sports Leadership
- Understanding Coaching Expertise
- Applying Strategies and Tactical Practice
- Applied Reflective Practice
- Applied Research Project
- Creating a High Performance Culture (Option)
- Principles and Practice in Talent Development (Option)

DELIVERY

This program is available to study in a distance with attendance format with the majority of content online and one intensive one-week period of face-to-face teaching in Melbourne.

By having the opportunity to learn from the comfort of their own home, program participants will be able to gain a further qualification to enhance their career prospects in a format that offers flexible hours and the chance to dictate their own work-life balance to fit around other commitments.

All sessions are recorded and therefore accessible for students across the globe.

Regular guest speaker sessions, networking opportunities and a Global Summit will take place in-person at Melbourne Cricket Ground as well as online throughout the year, immersing you in the Australian and global sports industry.
